- Organized events to increase student engagement

NeurAlbertaTech Koalacademy (05/2019 - Present)

Developer (Edmonton, Canada)

- Designed & Developed Web Pages (Figma)
- Created React Components Reused throughout the site
- Updated streaming to account for channels on Open-BCI
- Facilitated intake of data stream
- Debugged Artificial stream of data

Middleman Tech (08/2021-Present)

Front-End Developer (Harare, Zimbabwe)

- Developed Sites according to user requirements
- **SEO** Optimization

Projects

- **Fill-Active Community (MTL Code to Give)** [article]
  Developed a full stack web-app to better connect students and teachers of the Fill-Active Community. developed as part of the **Code to Give** Hackathon. (1st Place received 500 CAD in vouchers)– *09/2021*
  (Express, Node)
- **Unify** [**Site**] | [**Github Repository**]
  Full stack web-app to connect students in similar courses developed for the **HackED** hackathon – *01/2021*
  (MongoDB, Express, Node)
- **Stats265** [**Github Repository**]
  Python package (PyPI) with the Statistics distributions taught in the Stats-265 course at UAlberta - *06/2021*
  (Python, Matplotlib, Unittest)
- **Sentiment Analysis App** [**Github Repository**]
  Sentiment Analysis Web App using IMDB movie reviews database, all done on Amazon Sagemaker handled by a single layer RNN. Amazon API endpoint and Lambda used to link the model to the html file – *08/2021*
  (Python, AWS, Pytorch)
- **National Big Data Challenge** [**Paper**]
  Academic paper investigating the correlation between flights and covid-cases in African countries, with policy ideas explored after results explained. Abstract published in STEM Journal. – (06/2020)
  (Python, Pandas, Seaborn)

Technical Skills

- Languages - Python, C, JavaScript
- Frontend- React, Express.js, Figma, WordPress
- Backend – MariaDB, Node.js, Unittest (Python),PHP, Nginx and Apache
- Data - SQL, SQLite3, MongoDB, Python data libraries

Accomplishments

- ICPC NA Qualifiers & Regionals
- Bronze medal in the Pan African Mathematical Olympiad (05/2019)
- International Student Scholarship- UAlberta (2019-2021)
- International Country Scholarship- UAlberta (2019)
- Southern African Science Olympiad (2018 - 9th, Physical science)

Volunteering

- University of Alberta Open House
- Edmonton & Area Land Trust
- Ngezi Community Outreach
- Organized multiple clean-ups
